Allowable Subject Matter

Claims 1-9 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art of record does not disclose, teach, or remotely suggest motivation for, taking claim 4 as exemplary, an electronic circuit comprising a chain of stream processing circuits, a common control circuit arranged to select block sizes of blocks of samples and to select a control parameter value for each particular block, and a plurality of local control circuits, each particular local control circuit controlling timing of control parameter updates using block sizes from the instructions by counting off block size dependent time intervals between times points of successive control parameter updates, in combination with all of the features as recited.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
